PRESS RELEASE

July 2009

IMMEDIATE RELEASE

Belltech Muscle Cars Handling Kit for 1964-66 Pontiac GTO

Belltech Muscle Cars, announces their Handling Kit for 1964-66 Pontiac GTO. The Handling Kit includes front and rear springs and Street Performance shock absorbers.

Belltech's springs are offered in two height options. Stock height replacement and a 1" lowering spring for the front and rear (small block engine). Each coil is manufactured from chromium alloy steel and is hot wound, shot peened then powder coated to exact specifications to assure the proper ride height and ride quality.

Belltech "Street Performance" shock absorbers offers the customer an OEM replacement quality shock absorber with performance handling characteristics. The Street Performance shock absorber utilizes a 15mm piston rod, 35mm piston and 55mm shock body, this provides added control for spirited driving while retaining a great balance of performance and comfort.

The Belltech Muscle Car Leaf Springs replaces rear factory leaf springs to provide a lowered ride height and increase in vehicle handling. Belltech Leaf Springs utilize OEM quality rubber bushings for silent operation and maintains ride comfort.

Please see Belltech catalog or website for specific applications.
