PRESS RELEASE

June 2007

IMMEDIATE RELEASE

ST suspensions lowering springs for Pontiac Solstice / Saturn Sky

ST suspensions (formerly Suspension Techniques) announces their Sporttech lowering springs for Pontiac Solstice and Saturn Sky.

The ST Sporttech lowering springs offer a 35mm drop on the front axle and 25mm drop on the rear axle.

Incorporating 20 plus years of design experience. Each ST suspensions lowering spring is designed for optimum performance and comfort. ST suspensions lowering springs are manufactured to the highest worldwide quality standards: they are wound out of high tensile steel, rigorously tested and inspected, and powder-coated our distinctive green color for durability.

ST Sporttech # 60496
