Featuring:

- LSD Kit

LSD (Lambo Style Doors) is the world's only crash tested lambo style door system. LSD offers vehicle specific applications. Engineered as a bolt-on solution, our LSD-Door kits take all of the guess work out for you and come ready to install. LSD-Doors utilize patented technology and integrate safety features in each LSD-Door kit, thereby offering your

- Street Performance Shocks
- Lowering & Lifting Shocks
- Drop Spindles
- Coilovers
- Spring Distance Spacers
- Belltech Coils
- Front "PRO" Coils
- Rear "PRO" Coils
- Complete Lowering Kits
- Anti Sway Bars

Belltech manufactures a complete line of suspension components designed to build a truck or SUV to suit your personality and life style. Vehicle drops are achieved through the use of matched components assembled into a complete system. Using Belltech suspension components you can build a custom sport truck to meet your specific objective.

LSD Kit

LSD-Doors offers the worlds only crash tested lambo style door system for the 2007 Chevrolet/GMC Tahoe/ Yukon/Suburban/Escalade/Avalanche. The bolt-on ready kit offers a Side Impact Safety Lock, M.A.R.A. (Multiple - Axis - Rotational - Assembly) and Magic Stick Technology. A patented Side Impact Safety Lock is integrated into each LSD-Door system. The M.A.R.A.. C-shaped pivot arm connection provides a range of adjustment for proper gap clearance for smooth operation. The "Magic Stick" technology provides a second hinge point and supports the door when closed. Each LSD-Door kit is vehicle specific and offers factory like fit.

It's all about the details:

1. M.A.R.A. Technology
Multiple-Axis-Rotational-Assembly
2. "Magic Stick" technology
3. Patented safety locking for side impact
4. Vehicle-specific gas springs
5. Adjustable roller guide for the pivot arm

Inside the package is everything you need to do the installation

- Two completely per-assembled LSD hinges including high pressure gas dampers
- Complete LSD hardware kit, including wire harness extensions with insulated cable connectors
- Waterproof insulation tape, wire guide clips and wire ties
- Fully illustrated step by step installation manual

Manufacturer / Vehicle Type	Model	Year of construction	Footnotes	Part No.
CHEVROLET / GMC				
Tahoe / Yukon / Suburban/ Avalanche	All	07+	a), d), j), l)	50061013

Footnotes:

- a) dismantling and slight modification of the fender might be necessary
d) the wire harness extension is necessary
j) vehicles with airbags in the doors - the functionality of the airbag needs to be tested after the cable is extended
l) internal fender modification required

Belltech Street Performance Shock Absorbers

Our engineers focused their attention on tuning the low speed compression characteristics of this shock absorber, which is responsible for controlling your trucks pitch and roll. The "Progressive" rebound tuning will complement large aftermarket wheels, keeping the ride smooth and firm.

- Ideal replacement for premium trucks and SUV's
- Optimum balance of performance, handling and ride quality
- Complements larger wheel and tire packages

Belltech Street Performance Shock Absorbers					
Year	Application	Desired Lowering		Part #	
		FRONT	REAR	FRONT	REAR
07+	Tahoe, Yukon, Yukon XL, Suburban, Avalanche, Escalade	1-4"	2-5"	25003	22066

Belltech Lowering and Lifting Shocks

Belltech's new lowering and lifting shocks provide you with the most efficient and flexible way to lower or raise the front end of your Chevrolet SUV.

- customize and increase performance with just one purchase
- retain the use of stock springs
- designed for stock ride height replacement, lowering or lifting
- in 1" increments, up to 2"
- new "Street Performance" dampening technology

Belltech Drop Spindle

Belltech's Dropped Spindles offer a 2 inch drop, while improving handling and retaining factory ride quality. Our spindles maintain critical suspension geometry and eliminate the possibility of suspension misalignment. Each spindle is built from high strength ductile iron, providing the structural integrity to meet and exceed all factory specifications.

- Retains critical front end geometry during lowering
- Exceeds OEM quality and strength standards
- Manufactured with high quality materials

Belltech Drop Spindles

Year	Application	Drop	Part #
07+	Tahoe, Yukon, Yukon XL, Suburban, Avalanche, Escalade	2"	2509

Belltech Coilover Kits

Belltech offers a complete suspension solution for the front suspension of your Chevrolet SUV. Belltech's coilovers replace factory shocks and springs with a complete coilover unit. Performance shocks, springs, dustboot, and threaded shock body make up the Belltech's coilover kit.

- Up to 3" of lowering
- Application specific design
- Variable lowering range
- Performance handling increases through Belltech coilover setup
- Inox-line Stainless steel construction with Belltech by KW coilovers

Belltech Coilover Kits "made by KW"

Year	Applications	Desired Drop FRONT	front struts & rear shocks
07+	Tahoe, Avalanche, without Autoride	1" -3"	21014

Belltech Spring Distance Spacers

With the spring distance spacers Belltech offers an exclusive spacer system engineered with spring contours and are designed to lift your vehicle by 1". This could be used to lift your factory ride height as well to adjust an existing lowering.

Belltech Coils

Each coil spring is built from chromium alloy steel and is wound, shot peened then powder coated to exact specifications to assure the proper ride height, ride quality and long life you have come to expect from Belltech products. Belltech's front and rear coil spring sets are designed to easily replace the factory springs. These springs are a great solution for the enthusiast looking to lower their vehicle.

Belltech Front "PRO" Coils

Belltech "Pro"-Coil Spring and Spacer Kits are engineered by using OEM supplied CAD data. Belltech engineers are able to create components that fit the application to the exact dimensional tolerances for a perfect fit. Belltech introduces an advanced lowering kit which includes Belltech's high quality coil springs and vehicle specific upper mount strut spacers. Purchasing this kit provides you with the option of two different ride heights with just one kit!

Belltech Anti Sway Bars

Performance and comfort characteristics are taken into consideration with each Belltech Anti-Sway Bar design. Incorporating 20 plus years of design experience, Belltech Anti-Sway Bars are designed to improve handling and steering response by minimizing body roll while not affecting ride quality. Belltech Anti-Sway Bars are manufactured from cold formed solid steel and use swaged ends for their superior strength and reliability. All Belltech anti-sway bars include high grade mounting hardware, polyurethane bushings and are powder coated for a lasting finish.
